Celebration Costume Requirements and Reminders

Dear Parents and Carers

We have been busy learning, practising and refining our celebration performances and we are all excited to perform for you. Please see below for important details about this event.

Tickets

Please book tickets for each event. We have allocated seating to ensure everyone is catered for. Please limit tickets to immediate family and two special guests. If you have exceptional circumstances that you'd like us to consider, please email Jo Johnson jo-ann.johnson@calvarycc.qld.edu.au . Booking links below.

Note: Students will not need a booked seat for the Celebration session they are performing in. If they are watching a sibling Celebration, they will need a seat booked for that session.

Early Finish 25 November

We recognise that this evening can be very tiring for our students and are offering an early pick-up option for Prep and Stage 1 at 12:00pm. We have updated this to include the Stage 2 & 3 students for early pick-up. If you would like to collect your child early so that they can rest, please meet your child's teacher at their own classroom. Class teachers will have a sign out sheet to make this process easier for you and our office staff. If your child is going home with a friend or family member, we ask that you let the teacher know by email prior to the day. Supervision will continue with quiet activities for the students remaining at school.

Costumes

Class teachers and a fantastic group of parent helpers have organised most of your child's costume. These will be handed out to your child after our rehearsal on Tuesday 25 November. We ask that all students arrive and leave the event with suitable footwear on. As they will be removing shoes for their performance, we ask that you send shoes they can slip on and off and that they are clearly named.

For consistency and comfort, all students are asked to wear plain black shorts that reach the knee. Bike shorts and leggings will not be suitable. Most department stores have cost effective options such as
